DEGREE PROGRAMS**

at Rai Foundation Behror Campus

Rai Foundation, a philanthropic trust, is an innovative center of higher education in India, which is committed to affirmative action for equity, inclusiveness for all sections of society, especially women; Rai Foundation recognizes that girls from underprivileged background, given an equal opportunity, can match their city counterparts.

Rai Foundation have reached out to more than 1000 girls from India including 150 girls from abroad like Bhutan, Nepal, Bangladesh, China, Zimbabwe, Uganda etc. pursuing various Bachelors and Masters Degree program under full scholarship. This year we will intake additional 400 girls under full scholarship.

Rai Foundation invites such organization and their associates to nominate underprivileged girls to study under this program. The participating organization has only to bear the cost of travel of the girl student to Behror campus and back. The girls can stay in the campus even during the holidays and summer break if they like.

MISSION: EQUITY & EQUAL OPPORTUNITIES FOR ALL

Real development is only possible once quality education can reach in the remotest areas. Rai Foundation is widely recognized for its commitment to providing various scholarships based on merit and means. The main focus is providing better education and career opportunities for young women in the 21st century from the most deprived section. We at Rai foundation constantly endeavor to provide educational opportunities to those who need them the most. Professional higher education is crucial for the girl child, in order to gain career competencies, leading to remunerative placement in industry and enhance self-esteem in society.

There is thus a great need to provide quality career programs to under-privileged girl students, in diverse professional field's viz. hospitality, fashion, media, business & management, air-hostess and other services, etc. we provide full scholarship to a specified number of underprivileged girls. In doing so, we ensure that children hailing from even the most deprived and disadvantaged sections are empowered through quality Education with emphasis on leadership skills, innovation and entrepreneurship.

OUR TEACHING APPROACH, INFRASTRUCTURE & FACILITIES:

Rai Foundation is self-sufficient in terms of its infrastructure and facilities. As an innovative center of learning and teaching, the endeavor of Rai Foundation colleges is to fill in the ethical and spiritual lacunae that characterize the current set-up of education delivery in India. Toward that end, its pedagogical approach aims at character building, wherein education is experienced as a preparation for life. The girl students, coming under this unique program across all disciplines will take a unique course in Life Skills, one that orients students to imbibing key values of Sincerity, Team-work, Integrity, Service, Leadership and Enterprise.
