B.TECH PROGRAMMES**

at Rai Foundation, Behror and Sikkim Campus

Rai Foundation, a philanthropic trust, is an innovative centre of higher education in India, which is committed to affirmative action for equity, especially women. Rai Foundation recognizes that girls from underprivileged background, given an equal opportunity, can match their city counterparts.

In the world of today where cynicism is no more unfamiliar, Rai Foundation certainly believes that the place of goodness and high morals is still undeterred. Echoing the same sentiment, the organisation endeavors to take some eloquent initiatives towards reviving the age-old values with the people who share the same thoughts as we do. Undeniably, this project has been applauded and successfully being undertaken in several countries like Nepal, Bhutan, Bangladesh, China, Sri Lanka, Afghanistan, Kenya, Ethiopia, Uganda, Ghana, Botswana, Burundi, Zimbabwe, Tibetan (Dharamshala) etc. After all, one step towards goodness leads to mammoth contentment and fulfillment!

Today, Rai Foundation have reached out to more than 1500 girls from India and above states International Countries who are pursuing various Bachelors and Masters Degree programme under full scholarship. More than 500 girls have already completed their Bachelors and Masters Degree Programme. This year, our endeavour is to intake additional 400 girls under full scholarship.

Rai Foundation invites such organization and their associates to nominate underprivileged girls who can study under this programme. The participating organisation has to bear the travel cost of the girl student to Behror campus and back only. The girls can stay in the campus even during the holidays and summer break, if they like.

MISSION: EQUITY & EQUAL OPPORTUNITIES FOR ALL

Real development is only possible if quality education reaches in the remotest areas. Rai Foundation is widely recognized for its commitment to providing various scholarships based on merit and means. The main focus is providing better education and career opportunities to young women in the 21st century from the most deprived section. We, at Rai Foundation, constantly endeavor to provide educational opportunities to those who need them the most. Professional higher education is crucial for the girl child, in order to gain career competencies, leading to remunerative placement in industry and enhance self-esteem in society.

There is, thus, a great need to provide quality career programmes to underprivileged girl students, in diverse professional fields viz. hospitality, fashion, media, business & management, air-hostess and other services, etc. We provide full scholarship to a specified number of underprivileged girls. In doing so, we ensure that children hailing from even the most deprived and disadvantaged sections are empowered through quality education with emphasis on leadership skills, innovation and entrepreneurship.

OUR TEACHING APPROACH, INFRASTRUCTURE & FACILITIES:

Rai Foundation is self-sufficient in terms of its infrastructure and facilities. As an innovative centre of learning and teaching, the endeavor of Rai Foundation colleges is to fill in the ethical and spiritual lacunae that characterize the current set-up of education delivery in India. Towards that end, its pedagogical approach aims at character building, wherein education is experienced as a preparation for life. The girl students, coming under this unique programme across all disciplines, will take a unique course in Life Skills, one that orients students to imbibing key values of Sincerity, Team-work, Integrity, Service, Leadership and Enterprise.

Courses Available (UG & PG): Rai Foundation colleges offer undergraduate and postgraduate courses in the fields of Media, Journalism, Business & Management, Computer & IT, Fashion, Interior / Product Design, Hotel & Tourism, Air Hostess & B.Tech programmes (for more details, please visit our website www.ccrf.in, <http://www.raifoundation.org/gggs/>).
